I refer to your Official Information Request dated 16 November 2020 requesting the following information:

**I am a masters student studying Architecture from Unitec Institute of Technology. I am researching the Rehabilitation of Kingseat Hospital Building. I contacted Auckland council for its plans and drawings. They informed me that it was built by Auckland district health board. So if you have any information regarding Kingseat Hospital and its buildings, it would be beneficial for my research.**

Attached is the link to Archway the Archives NZ site that holds the listings of plan for public buildings such as Kingseat.

<https://www.archway.archives.govt.nz/>

A quick search shows over 400 files mostly held in the Wellington Archive.

The Kingseat Hospital site was administered through the now defunct Auckland Area Health Board. All records would have been held by them. None were transferred to Auckland District Health Board. The records may have been transferred to Counties Manukau DHB as Kingseat Hospital came under their catchment area.

You are entitled to seek a review of the response by the Ombudsman under section 28(3) of the Official Information Act. Information about how to make a complaint is available at [www.ombudsman.parliament.nz](http://www.ombudsman.parliament.nz) or freephone 0800 802 602.

Please note that this response, or an edited version of this response, may be published on the Auckland District Health Boards website.

Yours faithfully

Ailsa Claire, OBE  
**Chief Executive of Te Toka Tumai (Auckland District Health Board)**
