

Positive Case: Where do I get Rapid Antigen Tests *to use at home*?

If you have tested positive for COVID-19 case then you need to do testing at home prior to coming to work for a period of time. Instructions are on the [Advice for Positive Staff](#) hand-out on HIPPO

You will be given the number of Rapid Antigen Tests you need, as well as instructions on how to do them. All Tests need to be recorded in your [My Covid Record](#) on line.

I am notified at home	
I can get to a community test collection site.	I am not able to get to a community test collection site.
<p>Inform your manager</p> <p>Complete the Exposure Management Qualtrics online – don't forget to press submit! (If you cannot do this, ask your manager to help you)</p> <p>You will be sent confirmation email and a link to order your RAT kit – you will be able to select a site closest to your home.</p> <p>Collect tests from the community test collection site. To collect your tests you will need:</p> <ul style="list-style-type: none"> • The email confirmation from your exposure survey • The code you are sent after completing the RAT order form • Your work ID badge • The critical service register number is AOGCSR-37659 	<p>Inform your manager</p> <p>Complete the Exposure Management Qualtrics online. (if you cannot do this, ask your manager to help you)</p> <p>Email the following information to RATs@adhb.govt.nz</p> <ul style="list-style-type: none"> • Staff Name • Address • Contact Number – if there is no contact number a delivery will not be possible as we do not want the driver to arrive at the residence and no one is there • Any additional information e.g. there is a dog loose on the grounds. <p>Requests received by:</p> <ul style="list-style-type: none"> • 09:30 will be for the 10:00 delivery • 12:30 will be for the 13:00 delivery • After 12.30 will be delivered the following day
